## Blue Devils Meet Lake Worth Tonite

The Pahokee Blue Devils will be hosts to the Lake Worth Trojans in a Supacost Conference tilt on Lair Field this Friday night, with the game scheduled to get under way at 8:15.

Both teams will be seeking their first victory of the season, however, Coach W. H. Cook's Trojans have the better record. The Trojans held a strong Fort Pierce Eagle team to a 19-19 tie last week and made the West Palm Beach Wildcats work hard to eke out a 20-14 victory over the Trojans in the opener the week before.

The Blue Devils have been decisively defeated in both of their encounters to date, the Clewiston Tigers downing them 20-0 in the opener Sept. 19, and the Key West Conchs giving them a rough 26-7 handling last Friday night.

Coach Webb has been concentrating on blocking and tackling sessions this week and the only change made in the regular lineup was at left end where Eugene Buchanan has replaced Harry Levine. Guard Gordon Hoyle and Tackle Benny Sims, both of whom received leg injuries in the Key West game are slated to start in tonight's contest.

Last Friday night the big Conch team from Key West simply had too much weight and reserve strength for the Blue Devils to hold. The Conchs had little trouble scoring a touchdown in every quarter. The Blue Devils got their seven points in the first play of the fourth quarter when Quarterback Jim Rozelle handed the ball to Back Bill Hatton who tore through the center from the one yard line for the touchdown and then repeated the performance for the extra point. The local team's lone chance to score came near the end of the third stanza when Guard Jimmy Hoyle pounced on to a Conch fumble on the Key West 25. Two running plays and two short passes brought the ball up to the one-yard line at the end of the third quarter and after the teams changed their positions on the field Hatton scored.

The prospects are that there will be a larger crop than last year's record - breaker, Vaughn said. With no hurricanes to flatten out the sugar cane and perfect weather for the growing of the cane, the fields present a beautiful appearance, he said. All for fun, the production of the "Salon de la Gardenias" will be judged by strictly impartial out-of-town judges. The judges will view the entries as they walk across the stage, don't worry about fine finishing touches, even basting threads can be forgotten. Only the total effect of each ensemble on the judges will count.

An array of lovely prizes for adult and child winners will be presented from the state. A beautiful diamond encrusted ladies wrist watch will be given away. At a booth outside the school a large selection of handmade gift articles will be for sale.

For the benefit of the community, the Gardenia Circle encourages everyone to participate. As County Agent Mounts said, "80 per cent of the beautification in West Palm Beach can be credited to the Garden Clubs." Let us better their record.

All registrants should phone Mrs. Anderson Chastain at 527, anytime in the next few weeks but the sooner the better.

Registrants to date: Mrs. Oscar Chastain, Mrs. Clyde Griffiths, Mrs. A. L. Pope, Mrs. M. C. Carter, Miss Dorothy Chastain, Mrs. J. E. Williams, Miss Mary Hall, Miss Martha Hall, Mrs. E. W. Brandes and Mrs. J. S. Chastain.

## Christian Science Group Of Canal Point

The vanity, or futility, of endeavoring to cope with evil in any form, if it is held as a God sanctioned reality, is the theme of services in all Christian Science Churches next Sunday when the subject is "UNREALITY."

A verse from Job (15:31) furnishes the Golden Text: "Let not him that is received trust in vanity: he shall be his recompense."

Bible selections include: "And when Jesus was come into Peter's house, he saw his wife's mother laid, and sick of a fever. And he touched her hand, and the fever left her: and she arose, and ministered unto them" (Matt. 8:14-15).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Mortal mind is constantly producing on mortal body the results of false opinions; and it will continue to do so, until mortal error is deprived of its imaginary powers by Truth, which sweeps away the gossamer web of mortal illusion" (p. 403).

**Do you have Series E Defense Bonds coming due this year?**

# Here's a money-earning opportunity for you

**Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!**

**ARE YOU** one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are easier than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 3 1/4% per year. For full details, ask at any Federal Reserve Bank or Branch.

# This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST  
10 EXTRA YEARS**

**A**LL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

## 3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K  
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

**SERIES H.** A new current income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

**SERIES J.** A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72½% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

**SERIES K.** A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semi-annually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

## Cinematic Chatter

By Malcolm Miller

Cinematic chatter is returning to your newspaper, with a weekly chat about folks in the movie world and, at times, stories about folks I have known in other branches of show business. This week a nostalgic feeling for the "good old days" came over me when I read that the great star of "The Greatest Show on Earth"; Betty Hutton is to portray the unforgettable Blossom Seeley, of the "two-a-day" era of famous Orpheum vaudeville, the more sophisticated pronounce it VOD-VILL.

We go back to around 1906, when Eva Tanguay, "I don't Care" dynamic star of vaudeville, Sophie Tucker and her "Grizzley Bear," Eddie Leonard and "Ida" and many other great stars, too numerous to mention. Back to the days when Eddie Cantor was a banjo-eyed kid around New York with plenty on the ball but no pocket to shoot it into. Miss Seeley was then one of these great stars, playing the Palace in New York at least twice a year. . . . And, children, you were really somebody if you got your name up in lights there one time. I can remember I beat my hands raw to bring Blossom back for one more song. Her singing "Somebody Loves me" was out of this world. . . . as were her renditions of all her numbers.

For many years Miss Seeley was top star on all Orpheum bills and appeared in many hit musical comedies. Not many stars live to see an autobiography of their lives portrayed on the screen and it must be quite an experience. I shall be waiting to experience a great thrill when I see "Somebody Loves Me."

Miss Pickford is a devout Christian and tireless church worker. She is quiet, patient, loving and charitable and is loved and respected by all who surround her. I know that Mary will win a place in your heart when you see "America's Sweetheart" in her latest picture, much more mature perhaps, but still a beautiful girl. . . . See you at the movies—Mal.

## Revival Planned By Local Baptists

Dr. J. Perry Carter, Pastor of Flagler Street Baptist Church of Miami is to do the preaching in the revival of the Canal Point Baptist Church Oct. 12-22, according

DR. J. PERRY CARTER

to Rev. C. J. Smyly the pastor. The Rev. Carter is an outstanding preacher of wide experience and fine pulpit ability. As pastor of one of the great churches of Miami he is leading his church in a continuous revival spirit and evangelistic effort. The people of the community will rejoice to hear this man of God.

Special prayer meeting groups will meet in homes all over the community to pray for a great revival. If you are the least interested in a spiritual revival in our nation, then join your neighbors and friends in the named homes for special prayer for such revival. The houses and dates are as follows: Monday night Oct. 6th at 7:30 p. m. at the home of Mr. and Mrs. Dow Echols; Mr. and Mrs. S. A. Nall; Mr. and Mrs. J. K. Royton; Mr. and Mrs. R. S. Stokes; and Mr. and Mrs. W. A. Baker. On Thursday night Oct. 9th at 7:30 p. m. at the home of Mr. and Mrs. Cecil H. Clark; Mr. and Mrs. D. P. Hughes; Mr. and Mrs. A. R. Chastain; Mr. and Mrs. J. E. Williams; and Mr. and Mrs. Henry Kautz.

Pastor Smyly urges that these cottage prayer meetings be filled with those who believe that a revival must come from God, who believe that God will answer the repentance and prayer of His people, and who desire a revival. If you cannot attend these meetings, then join the members of the church in daily and constant prayer for a blessing from God.

## Safety Conference In Daytona Beach

TALLAHASSEE — Two of the state's top Legislative leaders will tell the Fourth Annual Governor's Highway Safety Conference on Oct. 10 what they think should be done to reduce the present appalling toll from automobile accidents.

The Conference, scheduled in Daytona Beach on Oct. 10-11, will hear from State Senator LeRoy Collins of Tallahassee and Speaker-Elect C. Farris Bryant of Ocala. Bryant will discuss the more stringent regulatory laws that are needed to curb habitual traffic offenders, while Collins will talk on the financial aspects of accident prevention work. The Tallahassee lawmaker's topic will be "Is Highway Safety a Luxury or a Necessity?"

Next spring's Legislature session will occur before another Conference is held and Collins and Bryant will analyze and define what the Legislature can do to help the safety movement.

Walter L. Hays, Orlando insurance executive and longtime worker for the cause of accident prevention, will address the Florida Citizens Safety Council's annual luncheon session on Oct. 10. Hays will take the Conference theme, "Let's Do It!", as his topic. The theme results from the fact that at the last two Conferences various committees have drawn a detailed blueprint of what needs to be done to make Florida highways safer for motorists and pedestrians. Safety leaders now are concerned about finding the best ways

to translate this blueprint into effective action.

Simultaneously with the Conference, the citizens safety group is sponsoring the state's First Annual Teenage Safety Conference. The youngsters will attend the Oct. 10 morning session of the adult Conference and hear talks by such men as Governor Fuller Warren, Democratic gubernatorial nominee Dan McCarty, GOP nominee Harry S. Swan, Collins and

Bryant. They will then have a separate luncheon with Miss Harriet Mahaffey of Quincy, Governor of Girls State, presiding. Donald Tucker of Crawfordville, Governor of Boys State, will be chairman of an afternoon session at which representatives of the press will be the only adults admitted.

## FLYING SAUCERS...

Do tempers fray at your house? Do you realize that the average "little woman" washes 6 tons of dishes a year? Do you want to end it all — peacefully, hygienically... and economically? Then get her an automatic electric dishwasher now. Did you know electricity is so cheap now, that a penny will do the dishes for three meals for an average Florida family? No kidding...it's wonderful...better look into it!

## ELECTRICITY DROPS AS LIVING COSTS GO UP

In the past 20 years, the U.S. government's cost-of-living index has risen 108.9%. The reverse is true in electric power. Average FPL & Co. revenue per KWH for home electricity is down more than half for this period...convincing evidence that "Sunshine Service" is your biggest budget bargain.
